I've been collecting for as long as I can remember. I inherited the thrifting bug from my grandfather & passion for design and modern architecture from my mom.

DECOR IDEAS FOR AN IN-HOME COFFEE STATION/COFFEE BAR

- add a mismatch of retro coffee mugs & vintage tea cups
- consider a variety of coffee makers - french presses, pewter espresso makers
- restyle old metal baskets and apothecary jars for beverage storage
- design shelving and differing heights with cake & cupcake stands
